Dear Karl

You asked what the Community Council's view might be of your proposed sign on St Margaret's House. The Community Council has agreed in correspondence the following message which should be adopted formally at our meeting on 23 April, for you to use as you see fit.

"PROPOSED SIGN FOR EDINBURGH PALETTE

The Northfield and Willowbrae Community Council recognises the value which Edinburgh Palette brings to our community. The enormous variety of activities provided in St Margaret's House is a hidden treasure house which is widely appreciated in the arts world but is less well-known to the thousands of people who pass the building every day. Our community is one where the arts, whether performing or plastic, should have a major contribution to improving the lives of everyone, regardless of ability or capacity.

We commend the proposal to draw attention to this huge resource by the proposed sign on the end of the building which will be visible over a wide area. The drawings we have seen present an elegant (almost too restrained) and dignified addition to a building which otherwise, despite its size, is largely un-noticed.

We hope the Council will agree to this sign as a landmark for Northfield and Willowbrae."

Yours sincerely
